tleton Monday Night

Roger Jewett, executive vice president of the Greater New Castle Association will speak on the post-war future of New Castle Monday night in The Castleton Hotel when the Lawrence County chapter, Pennsylvania Motor Truck Association will hold its monthly dinner meeting.

The subject upon which Mr. Jewett will speak is timely at the moment, with reconversion plans already under way. This will be one of his few appearances as a speaker before he leaves for Philadelphia on October 1 to associate himself with the Philadelphia Chamber of Commerce and board of trade.

Officers will be elected for the coming year by the truckers at the meeting. Clair Alford, a member of the chapter, recently returned from Germany, will be a special guest and will talk on his experiences as a member of the famous second division in Germany.

VINSON TO SUBMIT POSTWAR TAX PLAN WITH SHARP CUTS

gress, however, for some reduction in individual income taxes. The new program may raise exemptions to a certain extent and call for limited tax cuts, effective January 1.

Vinson said his tax program will be presented to Congress as soon as the House Ways and Means committee is able to start work on it, which will probably be late next month or early October.

Outlines Basic Principles
The secretary said post-war taxes should follow these principles:
1. Have "the least harmful effect on the expansion of business investment and the creation of jobs."
2. Have "the least harmful effect on the maintenance of markets and mass purchasing power."
3. Be fairly distributed.
4. Be "integrated with a fiscal policy designed to prevent inflation and deflation."

We Couldn't Say Much About Service for a Time

Like you we appreciate the removal of the wartime restrictions that have already been taken off. No gas rationing, no canned food or fuel oil rationing. And before too long other restrictions will be off and we will be returning to our pre-war standard of service.

While the war was on we couldn't say too much about our service, due to restrictions. All we could do was the best thing possible and as Americans you realized our predicament and bore with us.

Now we are looking to the day when we can serve you again as we did before. When the quality of our service equals the quality of our flowers, then you will know peace in all its glory has returned.

FORESEES TROUBLE IN WESTERN EUROPE

(Continued From Page One)

many's eastern boundary to the Atlantic, and from Norway's north cape to the Mediterranean has been the incubator and source of world civilization for more than 2000 years.

First it was imperial Rome that led the way. After Rome's fall came Venice, Genoa, Florence and other great Italian city-states, which kept the arts and sciences alive in the dark ages. Then came modern Europe, with Spain, France, Britain and Germany as its leading powers.

But of late it has been apparent that a change was at work. Spain and Italy, once young and powerful, are now in an age of dottering senility. Even France, Britain and Germany are showing signs of high blood pressure, hardened arteries and falling vital forces.

The present conflict has hit the elderly nations of western Europe a terrible blow. Casualties have been heavy, destruction of railroads, factories and all forms of productive wealth has exceeded anything in history. Food is scarce, coal more so. Many are likely to starve and freeze during the coming winter.

Predict Disorder
Best informed authorities predict rioting and disorder in France, Italy and Germany. All of western Europe may go communist, but if that happens it may be a bad thing for communism in the long run. No form of government can feed its people when food, coal and railroads to transport them simply do not exist.

Faced with such an outlook, the prospects of the nations of western Europe, including Germany, France, and Italy, seem dark indeed.

Compared to his historic continental neighbors, Britain's prospects are bright. But with India, brightest jewel in the empire's crown, denouncing independence, and the Arab world of the all-important middle east seething with unrest, it is plain that troubled days lie ahead.

Furthermore, two giant new powers, the United States and Russia, have surged to the fore as a result of the present war. The British are sure of American friendship. They are not so certain of what Russia will do.

Relations with the Soviets are likely to prove the greatest problem of Britain's diplomacy of the future.

DEMobilIZATION MAY BE PROBLEM OF CONGRESSMEN

demobilize its forces in six months. Yet, if a termination date were set, every drafted man could go "over the hill" at the end of the six-month period.

"We couldn't do that, of course," explained May. "So the concurrent resolution setting the date for the termination of hostilities would have to be accompanied by additional legislation."

Who Goes First
"Congress could then determine what men shall be released first, decide who shall make up the armies of occupation, and agree upon the size of the peacetime military establishment."

The all-important date will also terminate further induction, as the selective service act expires May 15, 1946 or an earlier date proclaimed by the president or established by congress.

May revealed that President Truman has decided to let congress set the date.

MISS SARAH MCKEE WILL GO TO EGYPT

as she will be the only secretary in the college she expects to serve as a combination secretary-bookkeeper, to type sermons for the pastor, and to help the treasurer in making out his financial reports.

South Of Cairo
The town itself is about 250 miles south of Cairo. Its older section has the narrow streets and old houses of ancient times, but in the newer section near the school are modern buildings and the beautiful homes of wealthy Egyptians. All buildings are constructed to keep out the sun and heat, and their thick walls and high ceilings do the job so effectively that Miss McKee was warned to bring heavy woolen clothing to wear indoors during the winter.

A "short-term" Miss McKee will be in Egypt for three years, with a two-month vacation every year. Now that the war is over, she and others from the school will be able to cross the Mediterranean to see the Passion Play at Oberammergau next summer.

Others from this district who are leaving for Egypt this summer along with the local girl are Dr. Robert Jamison, former professor of Bible at Westminster college, Jack Lorimer of Beaver Falls, and Mrs. Sarah Baker of Prospect, Rev. Bradley Watkins, former pastor of the Bethel church, is now at Assiut, also.

Miss McKee is a graduate of Grove City college, and has taught in Ellwood City and at Union High school.

allied products. Orders governing their use are still in effect nor does it suspend the system of allocations for tin, rubber and lumber, which still remain in scarce supply.

In brushing aside all the controls at once, Krug observed that it would require up to six weeks to cancel obsolete preferences, quotas, and allotments on a piecemeal basis, thus threatening the reconversion program with delay.

By Monday, only 30 or 40 of the 450 controls extant on V-E day will remain.

Mullentowners Reunion Enjoyed

Cascade Park Is Scene Of Sixteenth Annual Gathering Of Schoolmates

Pupils and teachers of the Mullentown school held their annual sixteenth reunion, Thursday at Cascade park, with a good crowd in attendance.

The song "Schooldays" was sung by the group, led by Hugh Hatton. Following a delicious dinner was served at 6:30 o'clock in the park grove.

During the business meeting, cards and letters were read from those unable to attend. A silent tribute was held for those that died in the past year.

Elections of officers took place: president, Mrs. Nell Hoffman; vice-president, Clara Glass; secretary, Mary Elizabeth Betka; and treasurer, Mrs. Ruby Rote.

An impromptu program was held, and Hugh Hatton gave the toast. Clara Glass recited verses from the by-gone school days. The principal address was given by Clarence B. Leslie, Carnegie Okla. Plans were made for the fall gathering, and it was decided to have the next reunion on Old Timers day, to accommodate out-of-town visitors.

President of this reunion, Bert Evans thanked all committees. New committees were appointed by Mrs. Fulkerson, new president.

Eighteen Die In Crash Of Bombers

Two B-29 Bombers Collide In Mid-Air Over Weatherford, Texas; Two Injured

FORT WORTH, Tex., Aug. 18.—(INS)—At least 18 Army airmen were killed in a mid-air collision of two B-29 bombers over Weatherford, Tex., last night. Their bodies were brought to the Fort Worth Army Airfield hospital today.

Two injured men were taken to the Camp Wolters Army hospital.

Dead May Reach 19

There was a possibility that another man aboard one of the planes was missing. Fort Worth airfield officers said they had been unable to determine whether one man had left the plane at one of the stops before the crash.

One of the bombers, with 11 aboard, was based at the Alamogordo, N. M., air field, and the other at the Clovis, N. M., field. It was not learned immediately whether the two planes were flying together when the collision occurred.

Names of the dead will be released after their home fields in New Mexico after next of kin have been notified.

THE PARENT PROBLEM

(Continued From Page Four)

I observed the eldest son calmly help his younger brother to learn square root. His tone was gentle. Never did it rise. He showed no vexation at the brother's mistakes. Quickly he repeated explanations when necessary. How many parents can do as well?

The big brother or sister who succeeds in high school and college, or otherwise pursue a job will usually prove great inspiration to one or more younger children, and the more this elder brother or sister is admired by the younger the more the younger will choose to emulate the older.

I wish the school and Sunday school teacher would more often try to make the child sensitive to his influence on a younger child help make him understand and appreciate the younger better and reverse.

I can think of no finer opportunity for moral education than frequent reference among children to problems of getting along with their brothers and sisters at home and attempts at leading children to see how they can make their parents happier.

Bright World Dawning... It's of His Making..and He Asks So Little In Return!

The man in uniform isn't looking backward to the battles he fought and the tragedy he has seen. He's looking forward—to the life of peace and security with his family which his sacrifices were meant to secure. And in his bright new world will be a richer understanding of those with whom he works—of his neighbors—of his children's schoolmates. He'll be taking his family to the Church of their faith regularly too. All he wants of for whom he fought, are help in reestablishing himself with his family; his old job back (or a better one); and the presence of friends and loved ones in Church each week.

THERE'S A HARD JOB AHEAD THAT CALLS FOR ALL OF US

"The tumult and the shouting dies"—the battle is ended—the victor and the vanquished want peace—the glamor of war—if such there be—is gone—what lies ahead is hard work.

As a nation we showed an amazing unity in prosecuting the war—only that same kind of unity in peace will preserve us. Reconversion of war-time plants—readjustment of a displaced economy—the restoration to peacetime pursuits of a tremendous army of men trained for war—all of these challenge us as Americans to a job that is long and hard but most worth while.

In wartime the motor truck industry displayed its ability to do the job under difficulties. In peacetime the motor truck industry pledges itself to the same kind of Americanism, hard work—honest service—and fidelity to the job at hand.

Farm Production Must Not Lag, Says State Secretary

HARRISBURG, Aug. 18.—(INS)—The state agricultural adjustment agency emphasized today while the war was ended there must be no lag in farm production because "a considerable peace depends upon the satisfaction of the needs of hungry people."

John A. Smith, secretary, urged county AAA committees to "mobilize farmers for the great peace offensive."

"The armed forces must be fed for a long time, until transportation facilities will permit a rapid movement of men to civilian life," he said. "The people of liberated countries and our allies will demand food and other harvest season can make them self-supporting to a degree of normalcy."

"When another harvest supplies grain crops and vegetables there remains the task of rehabilitating the livestock population of these countries and American farmers are expected to supply the replacements in the devastated herds and flocks of these unfortunate countries," he declared.

Find Own Warbler If You Must Send Singing Telegram

NEW YORK, Aug. 18.—(INS)—You can send a singing telegram again, all you have to do is find someone to warble it.

Telegrams of congratulations are okay though under the new rules.

Men Over Twenty-Six Get Induction Stay

Local Boards Ordered To Halt Pre-Induction Exams For Men Over 26 Years Of Age

This order does not affect volunteers, and men over 26 years of age will be accepted for service if they volunteer.

Fuels Administrator Takes Army Estimate With Grain Of Salt

PITTSBURGH, Aug. 18.—(INS)—Deputy Solid Fuels Administrator C. J. Potter today cautioned the public to take "with a very large grain of salt" the army's estimate of a 145,000,000 ton cutback in its future needs.

"The army announcement on the terrific volume of coal to be released comes as a surprise to me. And I expect it is about as accurate as their past estimates," Potter said. "The army told congress within the past six months that it had only 30,000 miners in the service. Within the next two weeks we will have furnished the army with names and serial numbers of more than 80,000 miners."

Editors Rejoice; More Newsprint Is Promised For Fall

HARRISBURG, Aug. 18.—(INS)—William N. Hardy, manager of the Pennsylvania Newspaper Publishers' Association, today predicted the newsprint shortage would be eased this fall.

He explained that publishers would not be notified of the last quarter's quota until action had been taken by the newspaper advisory committee during a meeting at Washington September 11 and 12.

"It all depends upon how much can be obtained from other countries," he added.

Approximately 70 per cent of the woodpulp used in newsprint is imported from Canada, 20 per cent is obtained in the United States and the balance shipped from the Scandinavian countries, Hardy reported.

Ben Franklin Newcomers Are To Register Now

Pupils coming to Ben Franklin Junior high school from grade school, township and parochial students coming for ninth grade, and all other students who will be attending Franklin for the first time this fall are requested to register at the school office sometime during the next two weeks, or before August 31, Principal Gerald Nord stated today.

Anthracite Mines Production Slows

WILKES-BARRE, Pa., Aug. 18.—(INS)—Production in Pennsylvania's anthracite fields dipped sharply today as the result of strikes and a widespread reluctance on the part of miners to resume work near the end of the week following victory celebrations.

Sixteen hundred workers at the Maple Hill colliery near Shamokin walked out yesterday due to five undisclosed grievances and there were indications that laborers may spread to other Philadelphia & Reading Coal company mines.

Owen E. Williams, regional official of the Solid Fuels Administration, estimated only 40 per cent of the miners in the hard coal area worked yesterday thus cutting daily production from a normal 180,000 tons to 70,000 tons.

Some life miners said they had not returned to the pits because food was scarce after stores closed for the victory holiday while others claimed it was "bad luck" to resume work on a Friday.

Williams said laborers were registered by virtually all collieries in the anthracite region.

Grove City Man's Murderer Faces Life In Prison

STARKE, Fla., Aug. 18.—(INS)—Charles Allen today faced life imprisonment for the murder of Charles Montgomery of Grove City, Pa., who had given him a ride from Atlanta to Florida.

The jury deliberated 30 minutes before finding the youth guilty of murder in the first degree with recommendation of mercy. Judge A. Z. Atkins sentenced him to the Florida state prison.

Allen offered a defense of insanity. Dr. W. A. Sperry of Orlando, who examined Allen, was accused of an "impulsive" type of insanity at the time of the murder, which occurred several months ago.

Dr. H. M. Smith and W. D. Rodgers, chief physician of the state hospital for insane, testified that Allen was sane at the time of the crime.

A Canadian "vagabond" was dumped out of his hammock by a bear. Look! The Brown couldn't hold on! He fell before reaching the top.

Eighty-Five Report For Football Friday

Head Coach Phil Bridenbaugh Pleased By Turn-out, Prospects For Winner Good

Will Go To Camp At Muddy Creek Falls Next Thursday, Six Stars Are Missing

New Castle high school football team got launched on its 1945 football campaign last night at the stadium when a group of 85 young boys greeted Head Coach Phil H. Bridenbaugh for the first time.

Bridenbaugh and not lose any time getting the boys outfitted and staged a first practice at 10 o'clock this morning. Another practice will be held Monday at 9:30 o'clock and again at 2:30 o'clock. New Castle will practice twice daily at the stadium on Monday, Tuesday and Wednesday and enroute for camp at Muddy Creek Falls on Thursday morning.

By Wednesday the coaches will have a pretty good idea who will make the trip to camp. "The boys showing up in the best of the three workouts next week at the stadium will stand a good chance of being selected to go to camp, Bridenbaugh announced.

Plenty of Lettermen
There was a fine turnout of lettermen last night and the prospects for a winning eleven this year are brighter than for sometime. Among the holdovers from last year are Jim Garberry, Bill Walls, Sammy Floss, Buzzard, Panella, Bob Reed, Herb Stewart, Arthur Hill, Jim Betts, Peterson, Smith, Pete Stack and Grybowski.

Among the new boys reporting are Gene Gribble, Bob Allison, Jim Clause and Peluso, who look like good material. Len Gilmore, the Washington colored star, was not present last night but will probably show up later.

Six Stars Missing
New Castle High has never started a season so well fortified in all positions. Lost to the team this year by graduation and going to the service are Captain Eddie Jackson of the 1944 team, now in the marine corps; George Williams, a tackle last year, now seaman 2-c in the U. S. navy; Chuck Sallie, quarterback last year, John Bourque, now a soldier in the U. S. navy; William Andrews, quarterback and halfback last year, now in the U. S. navy at Sampson, N. Y.; and Joe Kulinski, center last year, now in the army.

The first game of the year will be at the stadium Friday, September 1, with Greco City tied as the opponent.

When the Green Bay Packers, national pro champions of 1944, trot onto Soldiers' Stadium in Chicago on the night, August 30, for their game with the All-Star Collegians, one of the Packer backs will be Sergeant Robert Adkins of the Deshon Annex.

Before entering service Sgt. Adkins was the quarterback for the Packers and prior to that played the backfield for Marshall (W. Va.) college. Sergeant Adkins is now at the training camp of the Green Bay Packers in Green Bay, Wisconsin, and in a card to a News man says he is losing some weight. Before leaving here he had trained for several weeks and was down to 220 pounds.

Legion Nudges Fannins Friday

South Side Legion, battling for the second-half championship in the American Legion football league, nudged the Fannins 7-6 at Gaston Park Friday evening.

The South Siders jumped off to a four-run lead in the first inning, which the Fannins began whittling away at, but lacked a run of their own when the game was called because of darkness in the fifth. Hawks with a triple and single led the Fannins at bat while Malinowski, Smiley and Isaac had doubles for the Legion boys.

Smiley limited the Fannins to four hits. Score by innings: R H E S. S. Legion 400 12-7 8 1 Fannins 011 22-6 4 3 Batteries: S. S. Legion—Smiley and McFarland; Fannins—Matarazzo and Masters.

Lieut. Bob Ernst of Philadelphia, punting place pilot who was killed over Honsin July 10, played on Penn State's unbeaten soccer team in 1932, 1939 and 1940. The 40 season marked the eighth year in a row the Lions were unbeaten.

Senators Slice Lead Of Tigers

Washington Defeats Detroit Again; Browns Topple Yanks, Indians Win

By LES CONKLIN
International News Service Sports Writers
NEW YORK, Aug. 18.—The outcome of today's game between Washington and Detroit may make or break the Senators as contenders for the American league pennant.

The Nats gained a two to one edge over the league leaders yesterday in the third game of the crucial series. If they can win again today, they will be only a game and a half out of the lead—but a defeat may do great damage to their morale.

Yesterday Mickey Haefer pitched the Senators to a 3 to 1 decision over Stubby Overmire. Buddy Lewis hit a homer for the winners.

Indians Advance
Cleveland advanced to within half a game of third place by outdistancing the Athletics, 6 to 4, for their sixth consecutive triumph. Otis Clark, recently recalled from Louisville, pitched the Boston Red Sox to an 8 to 2 win over the Chicago White Sox.

The New York Yankees had a sad evening at St. Louis. They lost the ball game, 4 to 1, suffering their eighth straight defeat.

Cubs Pad Lead
In the National league, the Chicago Cubs increased their lead to six games by shading Brooklyn, 4 to 3.

Dick Barrett won a 3 to 2 duel from "Red" Barrett thanks to a homer by Andy Semmek of the Phils with a man on base.

Jack Burgett of the New York Giants, a former Navy lieutenant, won a 3 to 2 mound duel from Ken Gables of the Pirates, also an ex-service man. Johnny Barrett kept the baseball Barretts in the picture by hitting a homer for Pittsburgh.

Cincinnati and Boston were not scheduled.

The second game of the series will be played at Marshall field on Tuesday evening, the third game next Thursday at Ellwood City.

HARNESS racing having become passe in New Castle, it is probable that those who like the trotters and pacers will look forward to the Stoneboro Fair, August 20-September 3, to witness the Sport of Kings, as an ancient saying goes. Eleven races are carded for August 31, September 1 and September 3, which will be Labor Day. Purse will total \$6,700. Since a number of fairs are offering harness races this year and the travel ban is off, it appears that Stoneboro should draw a galaxy of fair horses that is the best of those campaigning around the fair. Briggs Meyer of Plain City, O., who has "given the word" or started horses for the past two years will start "em at Stoneboro and J. E. Snyder of Franklin, will serve as the presiding judge. In 1942, Senator Abbe, with Wayne Smart in the "buggy," established a new record for the track by pacing the mile in 2:03.1. Liberal awards will go to the horse and driver lowering the track record this year. On August 31, there will be a 2:24 race, pure \$500; 2:17 race, pure \$500, and a 2:18 trot, pure \$500. On the following day there will be four events, as follows: 2:24 trot, pure \$500; 2:17 trot, \$1,000; 2:12 trot, pure \$500 and a two-year-old pace with a \$300 purse. On the last race day, Labor Day, there will be four events with the third race paying a purse of \$1,000, for the Clover Farm pace. The three-year-old or 2:25 pace purse is \$800, similar trot, same purse and two-year-old trot, purse \$300.

All-Star football game at Soldiers field, Chicago, August 30, will be broadcast to U. S. troops scattered all over the world. More than half of the players will be service men who are using turloughs to help raise money for Chicago's service men's centers and the Army Air Force Aid society. Johnny Youngworth, Northwestern halfback, who led the Big Nine in aerial passing last fall is with the carrier aircraft service in San Diego.

Indications point to Cleveland continuing to put forth some good fistie matches, one in prospect being the Jimmy Bivins-Archie Moore fight Wednesday night. Years ago Cleveland was promptly located on the pugilistic map but bad matches killed off the game. However, during the past year or more the game has been relegated to its former position and some nice cards have been staged there since boxing did a comeback.

Sammy Haycock, manager of Sylvan Heights, has tossed out a line to have Joe Louis, sergeant, at the all-colored open which he intends to stage. Whether or not the heavyweight boxing king can be here is something for the army to decide. Judging from the report of City Controller W. A. Moore, golfers are more numerous at Sylvan Heights this year than they were last year and with gas rationing off, there'll be a bigger sport before long.

Weaver Fesseler reports that a youngster caught a nice sized green bass in the Neshannock creek at the rear of New Castle Dry Goods. King Levinsky, former heavyweight, whom Emmett Rocco fought, and Fritz Bey Krakow, are divorced. One of the biggest crowds of sportsmen in the history of the Lawrence County Sportsmen's Association is expected at their corn and wiener roast soon.

Janiro Winner
Over Greco In Return Match

Youngstown Boy Reverses Earlier Defeat At Hands Of Greco, Wins Easily

NEW YORK, Aug. 18.—INS.—Promoter Mike Jacobs today planned to stage a rubber contest at Madison Square Garden next month between Tony Janiro, sensational junior welterweight from Yonkers, N. Y., and Johnny Greco, Montreal slizzer.

Reversing a close defeat he suffered last July 30 at Greco's hands, the handsome Ohio youngster won an eight-round bout last night Janiro won six rounds.

Janiro weighed 142 pounds and Greco 143.14. The crowd of 16,237 paid \$68,568. Greco was a 5 to 7 favorite.

Smith Real Soldier
Observing all this athletic-minded Lt. Col. Andy Lapecomb and that he had come in contact often with Smith.

"He's a real soldier," he said. "He could go into combat with me any time."

Lapecomb is another of the U. S. Americans who think sports are pretty wonderful and he can see in Capt. Horton Smith the leader of the golfing army, a fine soldier as well as a great athlete.

I just thought that the guys around the locker rooms would like to know that one of their own is doing all right over here. He can bust par as an officer as well as a golfer.

Good Impression
He has made a lasting impression on every G. I. officer and among the casual by-standers. He still doesn't say much, but he runs whatever he is handling. For instance, Conn showed up one afternoon with his collar open and no corporal chevrons on his shirt.

"Billy, you're a corporal, aren't you?" Smith said. Conn admitted that he was. "Well," said Captain Smith, "you should be proud of it."

Never Much To Say
He retired early and never had much to say. When he said anything it usually was worth listening to, though, and he was on many important committees when there was work to be done. The war took him off the tournament circuit and landed him in Europe many months ago. His job here is to keep sports entertainment going—promoting and directing events and making sure that they are a success.

He put on the professional and amateur golf championships of this theater at St. Cloud and in his group have been such sports notables as Billy Conn and his brother, Jackie, George Lott, the Davis Cup tennis star, Sol Schiff, handball champion, Billy Kavanaugh, West Point boxing coach and famous New York referee, and many others in addition to some fine golfers.

Capt. E. Gilbert Radcliff of Northampton, former Penn State grid star who survived the March of Death on Bataan, was imprisoned on the Japanese mainland when his parents last heard of him. He was moved from the Philippines shortly before the islands were liberated.

Noah Webster started his American Dictionary of the English Language in 1797 and published it in 1828.

Lock For Great Day
"This is the first event of this kind ever tried by the Elks and we look for a big turnout," said Eddie Logg, chairman of the Elks golf committee, who has started nothing to make the day a big success.

The only thing needed to insure the success of the day will be the cooperation of the weatherman, and if it's a nice sunny day, the Elks are going to have the time of their lives Sunday at Sylvan Heights.

Shenango And Bessemer Arrange To Workout Monday, Announced Today

Two of the three Lawrence county high schools will participate in football will hold first practice sessions on Monday. Shenango High at 10 o'clock, and Bessemer at 2:30 in the afternoon, it was announced today by Coach Eddie Nahas of Shenango and Principal Chandler McMillin of Bessemer.

Bessemer has called the first meeting for nine o'clock Monday morning. McMillin announced.

Bessemer will have a new coach this year, Bob Glasgow, formerly assistant to Joe Werneck, who has gone to Meadville High. Glasgow is a former Slippery Rock star playing on the same team with Werneck.

Bessemer opens Saturday, Sept. 8, with Sharpville, at Sharpville. Prospects for a winning eleven in both Shenango and Bessemer this year are slim. Both have lost heavily in star material from the great 1944 teams.

Nelson Trailing In Memphis Play

MEMPHIS, Tenn., Aug. 18.—INS.—Byron Nelson languished in an unusual golf position today, one stroke behind the leader of the Memphis invitational golf tournament, Bob Cochran of St. Louis.

Cochran, an amateur, gave par a terrific beating for a seven-under 65 to put him two strokes ahead of his nearest competitor, George Lee, Chickawatch, Fla., pro, as the second day's play closed. Cochran had 133, Lee 135.

Nelson, the Toledo O. umbrella executive, added a 73 to his previous 69 for an aggregate of 142.

Penn State's 1918 football team was comprised almost wholly of World War I veterans.

ODT Announces Abrogation Of War Time Speed Limit Effective Sunday

NEW YORK, Aug. 18.—(INS)—The Office of Defense Transportation announced today that the nationwide 35-mile per hour speed limit will be lifted, effective tomorrow, Sunday, Aug. 19.

Legion County Committee Meets

Legion Posts Of County Will Be Well Represented At District Convention Next Week

Representatives of the seven American Legion posts in the county, comprising the county committee, met in the rooms of Perry S. Gaston post Friday evening, with County Commander Dennis E. Cain of Ellwood City presiding.

Reports showed the county was well over the top in membership and that the district comprising Lawrence, Beaver and Butler counties was also well over the quota assigned them, standing ninth in the state in size.

Arrangements were made to send a large representation to the district convention at Ambleridge next Saturday, which will take the place of the state convention this year. Perry S. Gaston post of New Castle will send its delegation to Ambleridge on the evening preceding the convention, when a large class of candidates from the district will be obligated.

Reports on various other activities were received by the commander.

LABOR HESITANT ON TRUMAN PLEA FOR NO STRIKES

(Continued From Page One)

labor ranks is that it will be prudent and without definite commitments until labor, government and business get together around the conference table to map out industrial relations policies for the reconstruction era.

National union leaders are doubtful of their ability to commit their millions of members to any particular course until some definite program is put forward.

This attitude does not necessarily mean an upsurge of strikes. Labor is vitally interested in speedy and successful reconversion and points to the no-strike clauses in its various union-management contracts as a barrier to disruptive work stoppages.

War Labor Board Chairman George W. Taylor, preparing to guide the WLB on a hazardous interim course without benefit of war sanctions to back up its directives, said flatly that the board does not anticipate a rash of strikes.

The WLB chairman admitted, however, that the wartime no-strike pledge now is defunct for all practical purposes and urged an immediate response on the part of labor to the President's request for its renewal.

Science, we read, has developed a yellow monkey. Shucks, comment Yawn Yawnson, Japan has millions of 'em.

Set. Wilbur McKibben of Maryland avenue, who is still in Italy; and Pfc. Lewis Fletcher, of Salem, O., formerly of Winslow avenue here who is expected to arrive in the United States this week with the Tenth Mountain Division.

JAPANESE WARNED AGAINST REVOLTS WHEN ALLIES COME

(Continued From Page One)

resurgence, Domei said it had been decided at this time to write a new history of Japan to "uphold the spirit of protecting the national policy." Domei said the new history would be the first of its kind compiled in Japan in 1500 years and that it would be written over a period of 15 years.

Domei cited "unprecedented national difficulties" in explaining the reason for the long-term history-writing project.

A new start for a new Japan was envisioned by Jichi Tsumashima, the new Japanese minister of finance.

Domei quoted Tsumashima as pledging "strong measures" to halt inflationary trends in Japan and urged bank depositors to "have confidence in the emergence of a new Japan."

Australia Warns

Coincident with the flood of Japanese propaganda, Australia issued a warning to the effect that Japan already may be planning new aggressions.

Information Minister Arthur Calwell urged that Emperor Hirohito be "compelled to issue a rescript repudiating his speech and admitting Japan's war guilt," thus indicating a "change of heart" in the Japanese people.

The FCC recorded a Domei news agency which quoted from the influential Tokyo newspaper Asahi that the emperor was "deeply moved" by the Japanese people's "unconditional surrender" has thus far been carried out.

Earlier, Premier Hatake-Kuni, who is a cousin of Emperor Hirohito, met with the new cabinet and outlined what Domei termed a "three-point basic policy embracing respect for the constitution, control of the military and maintenance of order."

Taking this cue, Asahi's editorial told the Japanese people that if they "fail to preserve peace and order" the occupation forces would "be compelled to step in and strongly interfere in every branch of the central and provincial administration."

Domei claimed, meantime, that the Allies will land on the Japanese homeland "not as combat troops" and therefore the occupation forces will not have the right to commandeer "directly" food, shelter and bank funds. The dispatch resorted to international law to prove contentions, but acknowledged the Japanese people will be required to "extend all accommodations" to the occupying force.

Premier Soong Calls On Byrnes

WASHINGTON, Aug. 18.—(INS)—Chinese Premier T. V. Soong called on Secretary of State James E. Byrnes today to arrange a meeting later with President Truman.

Soong came to the department unaccompanied. He declined to discuss the purpose of his visit other than to say it was in connection with a number of routine matters. He also refused to talk about the Far Eastern situation where discussion is apparently growing between the Chungking regime and the communists' elements in the north.

Soong came here from Moscow where he is reported to have arranged some agreements with the Soviet government. He said that these would be published after ratification, which should be done soon.

Now You Can Say Happy Birthday!

WASHINGTON, Aug. 18.—(INS)—The government today lifted the ban on the sending of congratulatory and greeting telegrams.

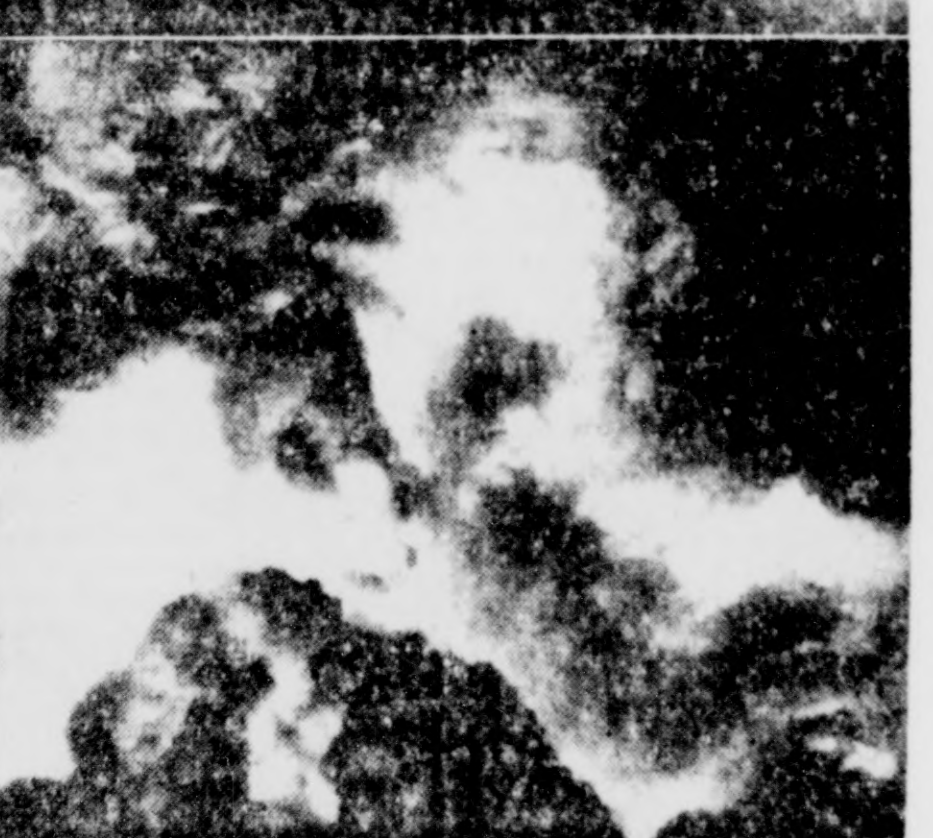

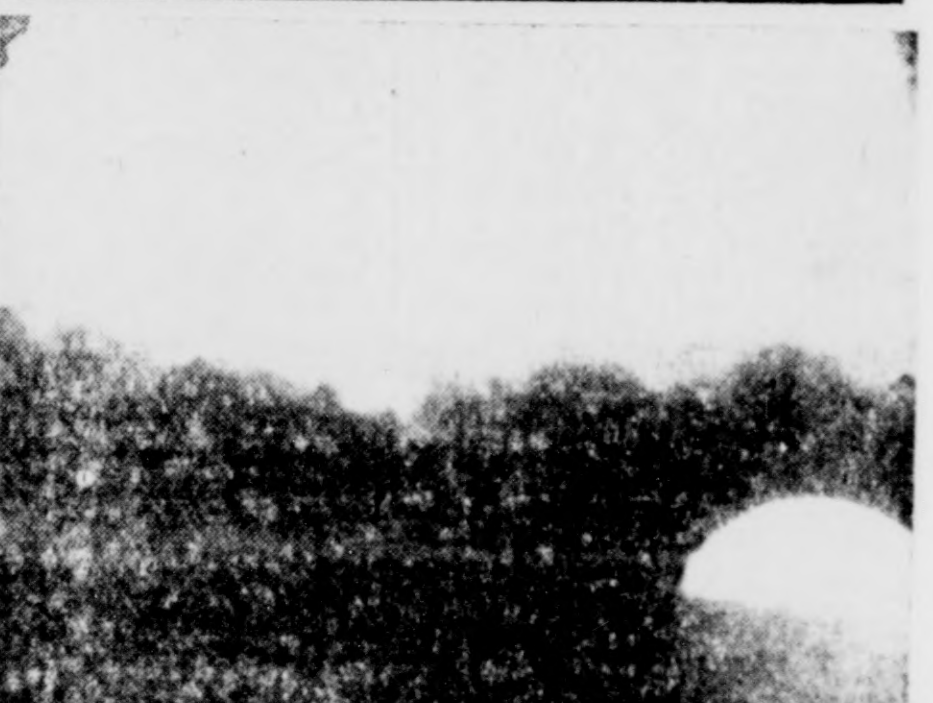

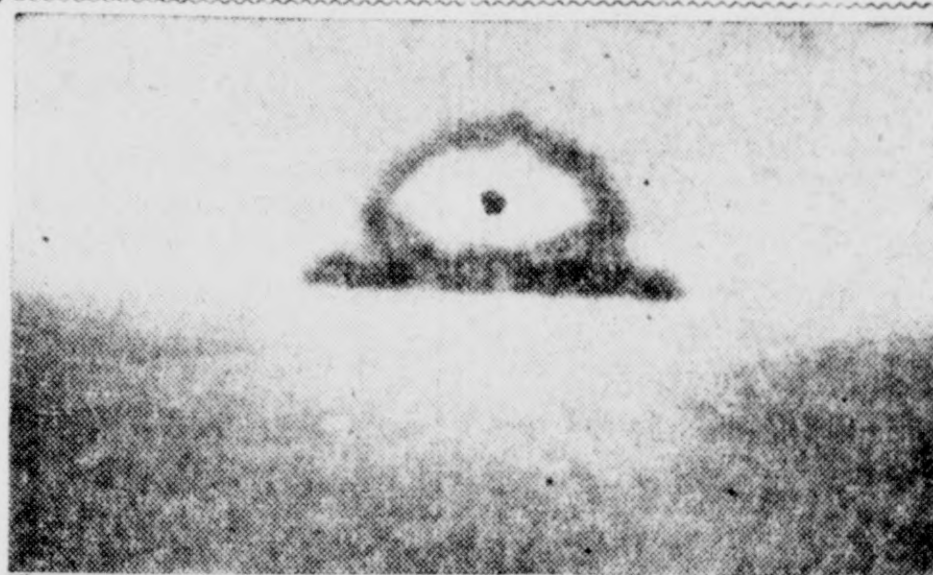

Paul Porter, chairman of the war communications board, announced that these messages may now be sent anywhere in the United States.

At the same time, the board, which consists of representatives of the Army Signal Corps, the Naval Communications, FCC and State and Treasury Departments, announced that amateur radio operators may again resume experiments for a period of 90 days.

However, they must confine themselves to the frequency band of 112-115.5 megacycles. Porter stated after the 90-day period, the chairman said, the board will consider raising the band to 114-148.

First Views Of A-Bomb Explosion

Here are first pictures to be released showing test explosion of atomic bomb in New Mexico desert the night of July 16. Progress of explosion is shown in sequence. Top photo shows bomb as it exploded and immediately after. In middle picture, a cap-like puff of smoke acquires a "brim" and is spreading along the ground. Ball of flame shows skyward, black smoke rolls on ground and a shaft of light reflects on lens of camera six miles away. The last picture looks like Dante's inferno as smoke shot through with flame engulfs all around it. All of the pictures were photographed from a distance of six miles. Storm Troopers To Get Gallows

VIENNA, Aug. 18.—(INS)—Three Nazi storm troopers, convicted in an Austrian people's court of murdering 102 Hungarian Jews, today were sentenced to hang.

A fourth, who claimed he didn't actually shoot any of the Jews during a death march last spring, was sentenced to eight years imprisonment at hard labor.

President of the Court Dr. Otto Nahrhaft labeled the men as "Nazi butchers" but left the execution date unset to allow them an appeal through channels up to the chancellors council.

Three of the storm troopers who will go to the gallows—Kronberger, Frank and Neuenhofer—were unmoved by the death sentence. But the fourth who must spend eight years at hard labor—Polinovsky—broke into tears when he heard the court's sentence.

Additional trials will follow very soon with the Nazi gauleiters next to face the Austrian court.

Pfc. E. C. Kielar Awarded Bronze Star

Pfc. Edward C. Kielar of the 10th Infantry Regiment, third infantry division, has received the Bronze Star medal for valorous conduct in action near Werringen, Germany, on April 26, when his reconnaissance patrol was fired upon by an enemy machine gun about 30 yards distant.

According to his citation, Pfc. Kielar remained erect to shoot it out with the enemy although tracer bullets slashed within bare inches of his body. Using a Browning automatic rifle, he fired a burst of about 20 rounds, killing all three members of the enemy gun and allowing the patrol to continue.

WAR OVER AUG. 10 FOR LOCAL MAN'S SUBMARINE CHASER

American fighters in the Pacific were fairly certain that Japan was ready to cry quits, when people back home were still protesting more invasions and heavy fighting according to a letter received from Peter Masello, radioman 3-4.

Masello, in a letter which arrived at his home in New Castle Friday, told his family that on August 10 the sub-chaser on which he was serving was ordered back to its base in Hawaii because the war was over. The local radio is the son of Mr. and Mrs. Antonio Masello, 124 Finch street, and has a brother, Pfc. Dominick J. Masello, who is returning from 18 months in the ETO with the 83rd field artillery.
